Equipment descriptions on following page

Coffs Harbour City Council | Seacrest Boulevard Reserve Option 1, TMC 2104-08B

Multiplay structure with climbing, sliding and interactive activities at multiple levels

Orientation path of consistent width and material linking entry points and play zones

Interactive panels at ground level for easy access

Play equipment reflects the local environment and integrates the playspace into the surrounding landscape

Clear sightlines for passive surveillance

Layout of playspace can be easily understood by a first-time user
